

# The Count of Musicland

Are you as good as The Count when it comes to rhythm notes?

Write the counts beneath each note below and then draw a note that completes the equation.

Example:  $\text{♪} + \text{♪} = \boxed{\text{♪}}$   
 $\boxed{1} \quad \boxed{1} \quad \boxed{2}$

$\text{♪} + \text{♪} = \boxed{\phantom{\text{♪}}}$   
 $\boxed{\phantom{1}} \quad \boxed{\phantom{1}} \quad \boxed{\phantom{2}}$

$\text{♪} + \text{♪} = \boxed{\phantom{\text{♪}}}$   
 $\boxed{\phantom{1}} \quad \boxed{\phantom{1}} \quad \boxed{\phantom{2}}$

$\text{♪♪} + \text{♪} = \boxed{\phantom{\text{♪}}}$   
 $\boxed{\phantom{1}} \quad \boxed{\phantom{1}} \quad \boxed{\phantom{2}}$

$\text{♪♪} + \text{♪♪} = \boxed{\phantom{\text{♪}}}$   
 $\boxed{\phantom{1}} \quad \boxed{\phantom{1}} \quad \boxed{\phantom{2}}$
